# SCOPRI I NUOVI TESSUTI ECOSOSTENIBILI

## STESSA PERFORMANCE CON UN'OCCHIO DI RIGUARDO ALL'AMBIENTE

I nostri tecno-tessuti non temono nessun ambiente ostile. Inattaccabili dal cloro, resistenti a creme e oli solari, proteggono dai raggi UV – UPF 50+ e garantiscono performance eccezionali in termini di durata nel tempo. Non dei semplici capi tecnici: i nostri tessuti competition asciugano rapidamente, garantiscono perfetta vestibilità e mantengono le proprie caratteristiche inalterate anche dopo lunghe sessioni d'allenamento.

*Our techno-fabrics are designed to withstand even the most challenging environments. Resistant to chlorine and immune to sunscreens and oils, they provide advanced UV protection with an UPF 50+. Each garment ensures exceptional performance in terms of durability over time. These are not just ordinary technical garments; they are true allies for your training: they dry quickly, offer a perfect fit, and maintain their characteristics even after long and intense sessions.*

### SIDNEY ECO by Carvico

Pensato per realizzare costumi da bagno sportivi estremamente traspiranti, coprenti e caratterizzati da un'ottima vestibilità, capaci di avvolgere il corpo senza ostacolarne i movimenti.

Sydney Eco racchiude in sé tutte le caratteristiche che rendono un tessuto perfetto per il mondo swimwear: inattaccabile dal cloro, resiste a creme e oli solari mantenendo inalterati nel tempo forme e colori, asciuga rapidamente e assicura un fattore di protezione dai raggi UV UPF50+. **COMPOSIZIONE: PL RICICLATO 51% + PBT 49%**

*Designed to create highly breathable, opaque swimwear with an excellent fit, capable of wrapping the body without restricting movement, Sydney Eco incorporates all the characteristics that make a fabric perfect for the swimwear world: resistant to chlorine, withstands sunscreens and oils while keeping its shape and colors intact over time, dries quickly, and provides UV protection with an UPF50+ rating. Composition: 51% Recycled Polyester (PL) + 49% PBT*

### X-PLAY by Carvico

X-PLAY nasce dalla combinazione di la fibra elastomerica XLANCE® e il poliestere riciclato, filo 100% rigenerato da bottiglie di plastica PET. Confortevole e performante, X-PLAY è caratterizzato da una mano più calda, elastica e morbida, molto piacevole al tatto. Ideale per l'allenamento in acqua clorata e per lo sport active.

**COMPOSIZIONE: PL RICICLATO 78% + EOL 22%**

*X-PLAY is created from the combination of the elastomeric fiber XLANCE® and recycled polyester, made from 100% regenerated PET plastic bottles. Comfortable and high-performance, X-PLAY features a warmer, more elastic, and soft texture, making it very pleasant to the touch. It is ideal for training in chlorinated water and for active sports.*

**Composition: 78% Recycled Polyester (PL) + 22% EOL**

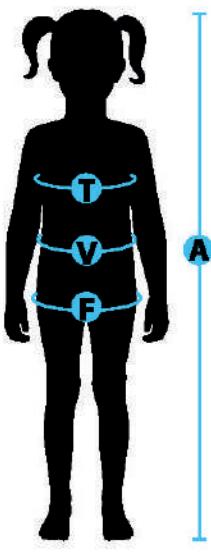

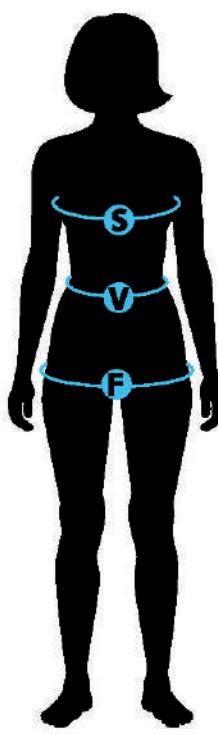

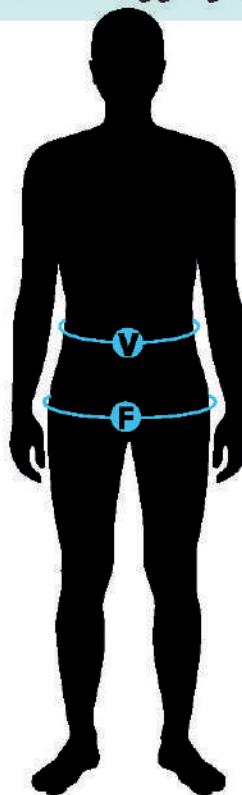

### REVOLUTIONAL® by Carvico

Tecno-tessuto in poliestere, bianchissimo, dal look super opaco e una straordinaria brillantezza di tutti i colori. Resistente al pilling e alle abrasioni con un valore pari a 5, il massimo secondo i test eseguiti. **COMPOSIZIONE: PL MICRO 80% + EA 20%**

*A polyester techno-fabric, pure white, with a super-matte look and extraordinary color brightness. Resistant to pilling and abrasions, with a rating of 5, the highest value according to standard tests.*

**Composition: 80% Micro Polyester (PL) + 20% Elastane (EA)**

### COME PRENDERE LE MISURE TAKING MEASUREMENTS

- **TORACE/SENO** esegui la misurazione in corrispondenza del punto più ampio del torace/seno. CHEST/BUST Take the measurement at the widest point of the chest/bust.
- **VITA** misura la circonferenza della vita in corrispondenza del punto più stretto dell'addome. WAIST Measure the circumference of the waist at the narrowest point of the abdomen.
- **FIANCHI** esegui la misurazione in corrispondenza del punto di massimo volume dei fianchi. • HIPS Measure at the point of maximum volume of the hips.

I NOSTRI COSTUMI SONO PENSATI PER UNA VESTIBILITÀ AGONISTA. SE QUELLO CHE TI SERVE È UN COSTUME ADERENTE, ACQUISTA LA TUA SOLITA TAGLIA. SE INVECE CERCHI UN COSTUME DALLA VESTIBILITÀ PIÙ MORBIDA, SCEGLI LA TAGLIA SUCCESSIVA.  
Our swimsuits are designed for an athletic fit. If you prefer a snug fit, choose your usual size. For a looser, more comfortable fit, go up one size.

# COSTUMI FUN&FIT

**FUN & FIT** è il costume per chi cerca il massimo comfort mentre pratica attività in acqua. Particolamente indicato per i movimenti dell'Aquafitness, ha il sostegno seno per contenere e valorizzare le forme. La sgambatura è regolare e la schiena più coperta rispetto al modello Training. La fodera interna permette di modellare la figura.

***FUN & FIT** is the swimsuit for those seeking maximum comfort while engaging in water activities. Particularly designed for Aquafitness movements, it features built-in bust support to lift and enhance the shape. The leg cut is regular, and the back offers more coverage compared to the Training model. The inner lining helps shape the figure.*

# COSTUMI LADY

**LADY** è il costume che garantisce il massimo comfort durante le attività in acqua. Nato per le taglie morbide, ha sostegno seno e fodera frontale che contiene e modella le forme. Sgambatura bassa, spalline regolabili e schiena coperta.

*LADY is the swimsuit that ensures maximum comfort during water activities. Designed for fuller sizes, it features bust support and a front lining that shapes and smooths the figure. The leg cut is low, with adjustable straps and a covered back.*

## NOVITÀ ASSOLUTA!

La nuova cuffia in morbido tessuto resistente al cloro abbinato al poliuretano: la comodità unita all'impermeabilità del silicone. Massima aderenza e tenuta anche durante i tuffi e le virate.

## BRAND NEW!

The new cap made of soft, chlorine-resistant fabric combined with polyurethane: comfort meets the waterproof qualities of silicone. Maximum fit and hold, even during dives and turns.

MANTA PADDLE**

MANTA PADDLE è la paletta ideale per trasformare la forza acquisita in palestra, in forza realmente fruibile dal nuotatore per costruire la sua bracciata ottimale di gara. Provate le MANTA PADDLE e vi accorgerete perché sono da scegliere... **PERCHE SCEGLIERE MANTA PADDLE?**

- **LA SUA FORMA ASIMMETRICA** ed i suoi FORI migliorano e stabilizzano la presa della mano in acqua durante tutta la subacquea. Riducono al minimo i possibili effetti collaterali tipici del sovraccarico di lavoro, sulla cuffia dei rotatori.
- **LE 3 TAGLIE** disponibili di MANTA PADDLE sono fondamentali per una corretta e graduale implementazione della forza, poiché consentono di lavorare su varie distanze in relazione alla forza da applicare nel tempo di lavoro.

**COME SCEGLIERE LA VOSTRA PALETTA?**

Le PALETTE non dovrebbero essere scelte sulla base della grandezza della mano, o della forza corporea assoluta del nuotatore. La scelta dovrà essere fatta per ricercare il corretto stimolo di forza da richiedere al nuotatore in ogni specifica seduta di allenamento, in relazione a:

*MANTA PADDLE is the ideal paddle used for transforming maximal strength gained in the gym into really exploitable strength by the swimmer with his best race armful. Try the MANTA PADDLES and you'll find out why you'd have to choose them!*

*MANTA PADDLE is ideal for strengthening in water:*

- *ITS ASYMMETRIC SHAPE AND HOLES, optimizes and enhances the handle by entering into the water during the underwater wipe. It minimizes the possible side effects typical of work overload, on the rotator cuff.*
- *THE 3 available SIZES for the MANTA PADDLE are essential for a correct and gradual implementation of force, because they allow to work on various distances in relation to the force to be applied during training time.*

**HOW TO CHOOSE YOUR PADDLE?**

PADDLES should not be chosen on the basis of the size of the hand, or the strength of the absolute body's force of the swimmer. The choice must be made to seek out the correct strength stimulus to ask the swimmer in each specific training session, in relation to:

- frequency of race armful
- frequency of armful required in that session
- training distance required in that session
- type of levers and resistance to the workload of the swimmer.

For repetition works over distances of 12,5 or 25 meters, it could be necessary to use a bigger paddle, as the swimmer can hold more frequent armful. For repetition works over longer distances, 50 mt, 75 mt or 100 mt, you may need a smaller paddle to maintain a higher swimming frequency, even for a very strong swimmer. Therefore, each swimmer should use at least two sizes of paddle, to be used according to the proposed works and to the force to be applied in each specific training.

**ADVICES AFTER HAVING USED THE PADDLES** It is always recommended, in the most important phases of strengthening with any paddle, the usage with the rubber bands, in prevention of external rotation exercises for compensation made out of the water.

COD. TN0101  
FINGER PADDLES

La paletta per ranisti e delfinisti. È una paletta di contenute dimensioni. Si può calzare a copertura delle dita della mano e quindi lascia il palmo e il polso completamente liberi.

La sua forma permette di lasciare ampio movimento al polso, quindi è particolarmente indicata per il potenziamento delle bracciate a rana e a delfino.

*It is a small size paddle ideal for breaststroke and butterfly swimmers. It can be worn to cover the fingers and it completely leaves the palm and the wrist free.*

*Its shape allows to leave plenty movement to the wrist, so it is particularly suitable for the enhancement of the breaststroke and butterfly armful.*

KICK SPONGE-POWER® è l'attrezzo ideale per il potenziamento degli arti inferiori e superiori in acqua. Realizzato nell'esclusivo materiale spugnoso, SPONGE-POWER® trova la sua eccezionale efficacia dal fatto che permette di utilizzarne contemporaneamente:

- il PESO del manufatto, circa 350 gr, senza le compromissioni della forza peso di NEWTON poiché contenendo acqua è neutro
- la RESISTENZA FRONTALE del manufatto, circa 330 cm<sup>3</sup> senza la compromissione della spinta di ARCHIMEDE in quanto risulta neutro al galleggiamento.

KICK SPONGE-POWER® è disponibile in quattro misure: SMALL, MEDIUM, LARGE, EXTRA LARGE.

*KICK SPONGE-POWER® is the ideal tool for the enhancement of the upper and lower limbs in the water. Made of the exclusive and special spongy material SPONGE-POWER®, its exceptional effectiveness comes from the fact that it enables to simultaneously use:*

- its WEIGHT, about 350 gr, without the compromises of NEWTON weight force as it contains water is neutral to buoyancy.
- its FRONT RESISTANCE, about 330 cm<sup>3</sup> without the compromises of ARCHIMEDES principles since it is neutral to buoyancy. KICK SPONGE-POWER® is available in four sizes: SMALL, MEDIUM, LARGE, EXTRA LARGE.

STOP WATCH

Nuovo cronometro digitale **STOPWATCH**, preciso e con diverse funzioni:

- 300 memorie
- funzione **RECALL**
- funzione **FREQUENZA DI BRACCIATA**  
per misurare i cicli di bracciate in un minuto
- funzione **DELTA TEMPO** in 3 cicli di bracciata
- funzione **COUNTDOWN**

STOP WATCH è fornito di una pratica custodia rigida per trasportarlo in sicurezza.

New **DIGITAL Stopwatch**, precise and with multiple functions:

- 300 memories
- **RECALL** function
- **STROKE FREQUENCY** function to measure stroke cycles per minute
- **DELTA TIME** function for 3 stroke cycles
- **COUNTDOWN** function

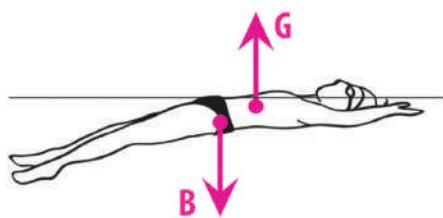

The Stopwatch comes with a handy hard case for secure transport.

# MAGIC SWIM

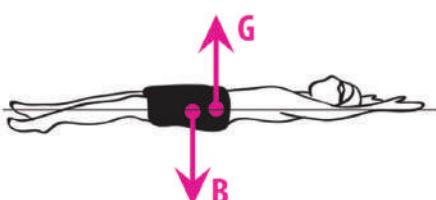

Grande novità nel mondo della didattica del NUOTO. OKEO presenta MAGIC SWIM, il nuovo dispositivo per velocizzare l'apprendimento corretto delle nuotate in modo semplice ed efficace.  
*A big innovation in the world of swimming education. OKEO introduces MAGIC SWIM, the new device designed to accelerate the correct learning of swimming strokes in a simple and effective way.*
